We decided to change the December 9 meeting to December 2. We deleted the May 15 meeting and added an April 14 meeting.

The CCB discussed activities for the first 15 minutes of fun event scheduled for September 16th. Activities will include the parachute and large beach ball. Chuck will bring boom box or other musical instrument to direct a "beat" for tossing the ball.

Three visitors from the Green Richland team – **David Henry, Mary Jo Dondlinger, and Adriana Rodriguez** - visited the meeting and asked for assistance

- in celebrating Campus Sustainability Day October 22 and
- with designing Sustainability Awards.

The council agreed to include games on the 2nd 15 minutes of fun, October 22, which would dovetail with the aims of Green Richland.

- a recyclables toss game (plastic bottles, cans, and waste paper) into recycle containers
- a bean bag toss with a picture of a dart bus as the target
- a Prius, a Smart Car, and other green vehicles- parked nearby for effect
- Ask Tonya McMillon to attend with Bike
- Police Officer to Demonstrate the Segue (spelling???)

**The Green Team members agreed to provide the recyclables for the toss game.
Green Team will ask Facilities to provide Recycling Containers for Game**

The first Wall of Honor ceremony will be November 19. Whitney will send out the request for nominations right away and set a deadline before the next committee meeting on 10-14.
