Section 6.2 and 6.3 are not specifically covered on Test # 3. However you must still complete those lessons on the computer and complete the evaluate quizzes on those sections.

# **Final Exam days** – There are no regular classes on these days. During these days, you may only take tests during the time scheduled for **your section's exam** . (See the printed exam schedule for your exam time.)

# Interactive Mathematics DMAT 0098 Homework Assignments

In order to receive credit for your homework problems (to take the test covered by the problems) you must: 1) number each section and number each problem you work in that section, 2) work the problems out completely (showing all of your steps) in your spiral notebook, and 3) check your answers from the back of your PAN. I will not accept answers without the work shown and I will not accept sloppy work that I cannot read and follow the steps !
