Academic Systems DMAT 0099 Homework Assignments

In order to receive credit for your homework problems (to take the test covered by the problems) you must: 1) number each section and number each problem you work in that section 2) work the problems out completely (showing all of your steps) in your spiral notebook and 3) check your answers from the back of your textbook. Homework will not be accepted without the work shown. Illegible or sloppy work that I cannot read or follow will not be accepted.
