

RC-ERT

RICHLAND COLLEGE - EMERGENCY RESPONSE TEAM

The above sign is posted on the office door or window of **RC-ERT members**. These signs can help you quickly locate a **RC-ERT** member in the event of an emergency.

Members of the **Richland College-Emergency Response Team (RC-ERT)** are faculty and staff who volunteer their time to receive special training to assist the College Police, Office of Emergency Management and Richland Administration during any emergency. Each team member may be called upon to give direction and pass along important information during an emergency. Additionally, these team members act as the extra eyes and ears to report back to the Incident Commander once an emergency has been declared.
