Words from the Director of Facilities

Early in July, the construction fence for the science building will be relocated further north so that it includes most of the sidewalk south of Sabine and Hondo. Once in place, demolition of the existing sidewalk will begin. The fire lane south of the science building is 50% in place with completion in July. Construction of the new fire lane north of the building will commence in two weeks.

As part of the start up of the new Richland College Garland Campus, Michael Brantley will move there on July 1. Steve Coleman, a new employee will transfer from Garland to Richland to coordinate preventative maintenance campus wide on the same date.

Work continues on The Shops at Pecos and the central plant expansion in anticipation of an even more responsive Facilities Services unit.

If your birthday is in June and your name wasn't listed. Please let us know in P131.

Welcome T-Ducks

SECC President's Matching Funds

Congratulations to you and your work group for having met your SECC goal for this year! The President's Matching Funds have been distributed to all work groups that met their goals. These groups will receive a 50% match of the total amount donated by your staff. Your match amount is \$3,093.00 and the funds have been placed.

Examples of Appropriate Activities Using Fund 11 Monies:

- Professional development conference/travel opportunities
 - Classroom-related expenses
 - Program or department enhancement opportunities
 - Departmental office supplies or equipment
 - Computer, laptop, or related technical equipment or software applications, with the approval of the Richland College Information Technology Department
 - These funds may also be used for staff development activities.
- Divisions are encouraged to expend these funds by August 31, 2009.

We would like to welcome and congratulate all of the new Thunderducks to Richland.
