Words from the Director of Facilities

Heading into Fall...

A successful launch of the fall semester began with a welcome to about 18,000 new and returning students to the Richland campus. Classrooms and offices were renovated and ready for a busy 2009-2010 academic year.

Beginning on September 14, seven Rock On students began their journey toward a Sustainable Building Tech Assistant certificate. Their activity will consist of 1.5 hours of classroom work and 2.5 hours of 'co-op' training each day with one of the Facilities Services supervisors or senior employees.

Screening and interviews are continuing as part of the effort to fill the positions left vacant by the retirement of David Williams and Kenneth Hart. New positions in Operations and Building Maintenance will also be filled during the month.

Beginning on September 21, John Racek will start his employment as the Irrigation Tech II with the Grounds Division.

If your birthday is in September and your name wasn't listed. Please let us know in P131.
