## Words from the Director of Facilities

### Green ...

GREENRichland for the 2008-09 academic year . . . and beyond, conducted a "kick off" meeting on June 23, hosted by David Henry, Richland's Chief Sustainability Officer. The group is greatly enhanced with representataives from all disciplines across the campus. One of the new concepts is STARS - Sustainability Tracking, Assessment, and Rating System - which will record and measure campus progress in all of the different aspects of being 'GREEN'. The employees of Facilities Services will continue to play an expanded role in this important movement for the future.

## Congratulations Fellow Thunderduck!
