Words from the Director of Facilities

Spring has Sprung...

Tulips and daffodils have heralded the coming of spring for all Richland campus the last three weeks including students and faculty returning from spring break. Many renovation and repair special projects were successfully completed while the campus was closed.

Thousands of visitors attending the Dallas Cup youth soccer tournament and the Carnival of Steel and Dia de la Familia festivals are seeing the Richland campus for the first time. Richland will host the dedication of the new science building on April 22.

RecycleMania drew to a close at the end of March with Richland ranking very high in both state and national competition. Final results will be available shortly, but through March 27, over 160,000 pounds of recyclables were collected and diverted from the landfill.

Congratulations to Sonny, Anthony, Fermin, Lisa, GCA employees and all who coordinated and supported this effort.

If your birthday is in March and your name wasn't listed. Please let us know in P131.
