RICHLAND COLLEGE

FACILITIES SERVICES

MONTHLY NEWSLETTER

Words from the Director of Facilities

Sustainability/ Energy Team

This past spring, Jerry Owens formed the Richland Sustainability/ Energy Team which includes representatives from Financial Services, Information Technology, Administration, Continuing Education, Campus Police, DSC Facilities Mgmt., Employee Services, Career Services and Enrollment Planning.

Michael Brantley and LeeAnne Scott also represent Facilities Services in this group which meets every two weeks. Through this effort there is a clearer and more extensive knowledge of how the entire campus receives and uses water, natural gas and electricity. This team is exploring new methods of conservation and stewardship of campus resources including waste management, recycling and efficient energy consumption.

Jerry also serves on the DCCCD energy team which is developing specifications for a new electricity provider in 2009.

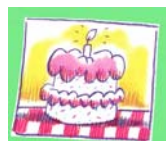

Go Class of 2004!

Congratulations to the following employees who are celebrating their five year anniversary with Richland.
