

THUNDERDUCK METAL CAMP

hosted by the

RICHLAND COLLEGE

SCHOOL OF ENGINEERING, BUSINESS & TECHNOLOGY

8:30 a.m. to 4:30 p.m.

Thursday, July 16 – Wednesday, July 22

Sabine Hall, Room 153

FREE!

This free camp, sponsored by **Nuts, Bolts & Thingamajigs**, is geared toward students ages 12-16 and introduces them to technical careers. During the camp, students will make their first attempts at metal fabricating using metal lathes and mills, as well as designing their own projects using AutoCAD 2009 and creating those designs in a true manufacturing machine shop. Students will take home a machined part from their design.

Students will receive:

- Hands-on training.
- A free t-shirt.
- Free lunch sponsored by the National Tooling Machine Association.

Register now! Spaces are limited for the camp.

For more information or to register, contact Brian Fleming at 214.232.1604 or bfleming@dcccd.edu.
