GUIDED PATHWAY: COMPUTER SCIENCE – FIELD OF STUDY

For more information, visit the [Computer Science website](#) and your academic advisor at your college.

This guided pathway is designed to meet the needs of students who plan to major in Computer Science and transfer to a four-year college or university. An Associate of Science (AS) degree in this pathway prepares you to transfer to a university to earn a bachelor's degree that can open the door to a variety of careers, including – but not limited to: Enterprise Application Development, Software Engineering, Cloud Software Services, Computer Graphics and Visualization, Machine Learning, and Artificial Intelligence.

This is an example course sequence for students interested in Computer Science. It does not represent a contract, nor does it guarantee course availability. Following this pathway will help you earn an AS degree With a Field of Study in Computer Science², which will increase your chances of transfer to bachelor's-level programs. This degree **does not** include all core course requirements. Courses that complete the Degree (D) are noted below. For official degree requirements, please [click here](#).

Visit www.dcccd.edu/TransferServices to view the Top 15 colleges and universities to which students at the colleges of DCCCD transfer. There, you can also view [Transfer Pathways](#) with local universities. Visit with your academic advisor to choose courses that will help you to transfer to a specific university.

Offered at:
BHC, CVC, EFC, ECC, NLC, & RLC
