- Technology, Engineering & Advanced Manufacturing Center (TEAM Center)

## Video Wall and Website Content:

We would like to recognize you and your organization on the new video wall and degree plan web pages. Please provide us the following information:

- Photo and brief bio of yourself
- Company video of your advanced manufacturing or electronics technology processes
- Current internship and/or employment opportunities with salaries
- Other relevant information that you would like to post

Please email responses to [CassieThompson@dcccd.edu](mailto:CassieThompson@dcccd.edu):

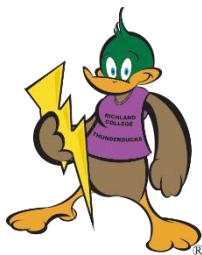

*Thank you all for taking the time to vote and contribute this material!*

Welcome

**Cassie Thompson**, joined Richland College as Program Coordinator/ TAACCCT Navigator. She is a 10 year higher education and community services veteran. Her goal is to act as a bridge between well trained, skilled students and employers holding vacant skilled technician positions. Her knowledge base in higher education and career assistance contributes to the strategy of recruiting, admitting, retaining, and connecting students to local employer partners.

*"I look forward to not only touring our employer partners' facilities, but also speaking with each of you to determine ways I can best assist you in filling your employment needs."*

**Our next TAACCCT Employer Advisory Committee meeting will be for Year 2, Quarter 2 VIA CONFERENCE CALL 3:30P - Wednesday, February 17, 2016**  
**NOTE: Conference call recordings are available upon request.**

**Grand Re-Opening Ribbon Cutting Ceremony**  
**Date Pending**

Richland's Veterans-Focused Engineering Technology Project is funded by the Department of Labor, Employment and Training Administration, Trade Adjustment Assistance Community College and Career Training (TAACCCT) grant agreement number TC-26492-14-60-A-48.
