Richland College

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

Higher Education That Actually Gets You Hired
Our Vision

Richland College will be the best place we can be to learn, teach and build sustainable local and world community.

Our Mission

Teaching, learning and community building.

ThunderValues

Richland College affirms these values for our learning and work together.

**Mindfulness**
We respect silence, using it for reflection and deeper understanding - not immediately filling silence with words after someone has spoken. We rush not to judgment but turn to wonder what was intended or being felt. Next, for clarity, we ask honest, open questions of ourselves and others.

**Responsible Risk-Taking**
Inspiring students and employees to innovate, while expecting follow-through with creative ideas that work, we respond well to challenges, considering our actions carefully. Although uncertainties remain, we move forward despite possible criticism.

**Wholeness**
We believe whole people best learn, teach, serve, lead, and build community. Thus, our programs, services, and facilities nurture our unified mind-spirit-body and the emotional and intellectual intelligence requisite for meaningful lives.

**Joy**
We value laughter, play, love, kindness, celebration, and joy in our learning and work-taking our learning and work seriously and ourselves lightly.

**Diversity**
We value and encourage diversity in its many dimensions, intercultural competence, originality, and vision - appreciating and cultivating both local and world community.

**Mutual Trust**
We value students and employees as whole persons-sharing perspectives, valuing and accommodating both differences and commonalities, assuming our motives are trustworthy.

**Fairness**
We treat students and employees justly and expect the same in return-applying rules with equity, giving all the benefit of the doubt, and providing both compassionate support and challenge for individual success.

**Integrity**
We speak and act truthfully, without hidden agendas. We admit our mistakes, say when we do not know, and honor our commitments. We avoid silence when it may mislead; we seek root causes and solve problems.

**Considerate, Meaningful Communications**
We share information, ideas, and feelings-listening carefully, speaking forthrightly, respecting diverse views, participating productively in dialogue and conversations. We welcome paradox and ambiguity as we move toward consensus.

**Cooperation**
We work with students and employees to achieve common goals-looking beyond self-interests. We offer both support and challenge, remain helpful and forgiving in difficult situations, help build consensus toward positive results, and help one another shape meaningful lives.

What is the Core Curriculum?

The Core Curriculum is the name given to a set of courses designed to give you the fundamentals of a college education.

Every public institution of higher education in Texas has a Core Curriculum. The core is designed to provide a solid foundation for your college education and is guaranteed to transfer as a block of credit between and among public Texas institutions of higher education.

What does “guaranteed transfer” mean?

Since 1999, it has been a state law that students who complete the Core Curriculum with at least a 2.0 GPA are guaranteed that their courses will transfer as a block of credit to any Texas public college or university without being required to take any additional core courses. If transferring to a four-year college or university is in your plans, it’s to your distinct advantage to complete the DCCCD Core Curriculum because it will save you both time and money. It makes transferring much easier for you!
GET more information on the new CORE and the Pre-CORE college requirements
To ensure your success, enrolling in one or more of the following courses may be necessary if assessment activities and previous academic experiences indicate a need for Pre-Core knowledge and skills:

- TSI requirements (Developmental Studies programs) or ESOL Program
- Computer Literacy or Application Course(s)
- Learning Frameworks (EDUC 1300)

This course offers multiple learning strategies that will help you become a better critical thinker. As a strategic learner, you will demonstrate, reflect and assess your learning by using ePortfolios.

☐ If you do not successfully complete the placement/prerequisite requirements for the courses above, it is your responsibility to return to Advising to adjust your schedule. If prerequisites or placement is not met, you could be administratively withdrawn from the course. This could affect your academic record, financial aid, tuition, academic standing, and program completion.

☐ Before leaving the advising area, it is your responsibility to check your schedule after each registration session.

☐ Tuition is due by payment due date listed on your registration summary. If you are dropped for non-payment, the advising/registration procedure will have to be repeated and the original class schedule may not be available.

☐ Regardless of the financial assistance anticipated, it is always the student’s responsibility to make sure tuition and fees are paid on or before the due date. If you are seeking Financial Aid and an award letter has not been received at the time tuition is due, you should be prepared to pay from personal resources.

Academic Advising

Academic advising is a two-way educational process where students and their advisors are partners in meeting and ensuring academic, career and employment goals. This partnership requires proactive participation and involvement from both parties and is a process that is built over the student’s entire academic career at Richland College. Both parties have clear responsibilities for ensuring that this partnership is successful.

Advisors are here to:

- Assist students with course registration
- Provide accurate information about institutional policies, procedures, resources and programs
- Assist students in self-understanding and self-acceptance (values clarification, understanding abilities, interests, and limitations)
- Assist students in considering their life goals by relating their interests, skills, abilities, and values to careers; the world of work and the nature and purpose of higher education
- Assist students in developing decision making skills
- Refer students to other institutional or community support services
- Assist students in evaluating or reevaluating progress toward established educational, career and employment plans

Expectations of students:

- Be aware of your rights under the Family Educational Rights and Privacy Act (FERPA)
- Take responsibility for your learning by reviewing the catalog, the course offerings, your program of study/degree requirements and by becoming aware of college policies, procedures and requirements
- Accept responsibility for your actions, inactions and decisions that affect your educational goals and progress
- Submit official copies of transcripts from all previous colleges
- Be an active learner by participating fully in the advising experience
- Follow through on advising recommendations in a timely manner
- Utilize advising tools, eAdvising, eConnect, college websites and the course catalog to gather information and track your academic progress

Seek help when needed and use appropriate college resources to meet college expectations.
Students may use the center at their leisure however appointments are encouraged for using the computer guidance programs and for in-depth consultation. Resources include:

- Computer guidance programs
- Free job search strategy resources
- Occupational resource library
- Dallas/Fort Worth Job Line listings
- Computer assisted job bank system
- Career magazines
- Occupational/industry videos and CD ROM
- Resume writing and cover letter assistance
- Career Service resume database
- Mock digitally recorded interviews
- Free Internet access
- Computers for employment search
- Computers for industry research
- Local and international newspapers
- Free Resume faxing and emailing
- Employer on campus student recruitment
- Class presentations and center tours

Making Career Choices

The first step in career planning is to gather information about yourself to assist in making a decision about a career. You should develop an understanding of self-including values, interest, aptitudes, abilities, personal traits, desired lifestyle and become aware of the interrelationship between self and occupational choice. A tool to assist you with this is CHOICES. Visit career services to take this self-assessment, more information visit richlandcollege.edu/career-services/choices-planner-online/
Continuing Education units are recognized nationally as a measure of substantive in-service education and training. Certificates of completion are issued at the conclusion of vocational courses to students who successfully complete the required coursework.

- Transfer Students must have a GPA of 3.25 or better with at least 12 credit hours from a U.S. institution(s) in college-level courses and submission of official college transcripts.

Learning Communities

Learning Communities are programs in which a group or cohort of students enroll in two courses organized around a common theme, project or objective.

What are the benefits to students? Students will:

- Enjoy great instructors and interesting topics.
- Get to know each other and form close friendships.
- Easily transition into college.
- Engage more deeply with the course theme or emphasis.

For more information about both programs contact:

The Learning Center

The Learning Center offers instructional support to students enrolled in a variety of courses at Richland College. We maintain drop-in labs for tutoring in math, accounting, economics, history and government. The writing center provides both scheduled appointments and drop-in tutoring for students who would like help with writing assignments in any of their Richland classes. Similarly, the R.E.A.D. (Reading Enhances Academic Development) program provides tutoring by appointment or on a drop-in basis for students in reading courses. Students may also use the R.E.A.D. program to improve their academic reading skills for other classes.

Math Corner

The Math Corner provides free one-on-one tutoring to students who are currently enrolled in any math course at Richland College. During the fall and spring semesters, tutoring is available five days a week on an appointment basis. Drop-in tutoring is offered at various times throughout the week as well. Since the Math Corner has over 1,000 visits per semester, students are highly encouraged to make an appointment with the tutors.

Writing Center

The Writing Center provides free one-on-one tutoring to students who are currently enrolled in any course at Richland College. During the fall and spring semesters, tutoring is available five days a week on an appointment basis. Drop-in tutoring is offered at various times as well. Students are highly encouraged to make an appointment with the Writing Center tutors. You can make an appointment or check for “drop in” availability.
The Learning Center collaborates with faculty members of different subjects in order to provide the following drop-in tutoring locations outside of the Learning Center.

**English Corner**

The English Corner is a place for students to work closely with English faculty on all tasks related to reading and writing. From discussing and understanding readings, gathering ideas, note taking, writing essays, creating job materials, or completing scholarship and college transfer applications, the English Corner is here to help.

The role of Veteran Services is to assist students with federal and state education benefits for Veterans, Reservists and dependents.

- Provide guidance on VA Regulations
- Assist with degree completion plan
- Connect/Network with community outreach programs
- Peer to peer support
- Connection with mentorship

Richland College is listed as one of the U.S.’s top Military-friendly schools by G.I. Jobs 2016. Veteran Services establishes a partnership with veteran students and their families to facilitate the completion of their educational goals. The Veteran Services mission is to establish a partnership of meaningful communications with students to maximize utilization of their military education benefits by identifying, reducing and eliminating barriers in order to successfully complete their degrees.

Established in 2013, the Richland College CARE Team is a diverse group of Richland faculty and staff members who provide support and assistance to members of our college community. The CARE Team maintains an online referral form that enables college staff members, students and community members to refer students who need attention. Professional counselors on the team assess referrals to determine the need and type of intervention.

The mission of the Richland College CARE Team is to connect students with appropriate campus services, provide referrals to community resources as needed, and monitor the progress of referred students. The goal of the CARE Team is to identify distressed individuals early and provide them with needed support. Because of Richland’s culture of care for all individuals, the online website is available to report concerns. By working as a team, fragmented care is reduced and the safety of the campus is improved. In emergency situations, the CARE Team refers students or college employees to the Behavioral Intervention Team (BIT). The BIT Team can respond immediately to situations of a serious nature such as behaviors that pose a danger of harm to self or others or that may disrupt the learning environment at the college.

Introducing the DART Student GoPass

The new Student GoPass is your key to the city.

Heading to a class at one of the Dallas Community Colleges? How about an event downtown? Or maybe you’re catching a flight at DFW?

Get there with DART! Simply show your Student GoPass using DART’s mobile app and your trip is absolutely free. All your DART adventures will also be environmentally friendly. Fewer drivers on the roads means cleaner air for our city. Now that’s real value.

Where Can I Go?

With your Student GoPass you’ll be able to ride all local DART bus routes, the light rail and 1 Zone Trinity Railway Express (Union to CentrePort Station). The Student GoPass is not valid on special services as designated by DART such as flyer service, airport service and charter service.

Am I Eligible for a Student GoPass?

To participate in the pass program you must be:
A college credit student enrolled in six or more credit hours (for the Fall or Spring semesters) and three or more credit hours (for Summer semester)
OR
A continuing education student enrolled in 96 or more contact hours (for the 1st, 2nd or 3rd quarter of the academic year) and 48 or more contact hours (for the 4th quarter)

How Can I Get My Student GoPass?

You’ll need to complete a few steps online and on campus.

1) Have your student ID photo taken at school if you don’t already have an ID card at the Office of Student Life in El Paso Hall, Room E040, or call 972-238-6130.
2) Request your Student GoPass by filling out the request form online.
3) Download the GoPass app for free on your Android or iPhone.
4) Open the GoPass app and register your phone number.
   In the GoPass app you’ll select “Settings” then “Register.”

Once you’re verified your Student GoPass will appear in your GoPass app under “My Tickets.” This means your request form has been processed. Verifications are processed every week. After you’ve followed the directions above and your info is verified by your college, you will be issued a free Student GoPass from DART which will be activated at the start of the semester.
Richland’s Intramural Sports Program

A message from John

Richland’s Intramural Sports program provides an opportunity for both men and women to participate in a variety of individual and team recreational activities. The atmosphere is informal to encourage participation for enjoyment of the activity rather than superior performance abilities. I urge you to participate and have fun, make new acquaintances, improve your resources for use of leisure time and obtain beneficial exercise. You can enrich your campus life through activity in the Richland College Intramural Sports Program.

Come join the fun!

John Stanson
Intramural Sports Director
Guadalup Hall, Room G136
972-238-6266
JStanson@dccc.edu

All intramural activities are Tuesdays and Thursdays from 12:30 p.m.-1:45 p.m.

Students of all genders and all skill levels can participate. You can sign up by filling out an Intramural Team or Individual Event Entry Form. Most importantly, you need to show up on the opening day of your sport of choice at the gym.
Richland College Office of Student Life (OSL) is the department responsible for the extra and co-curricular activities of the college campus. We offer you a wide variety of culturally diverse programs and services designed to promote the success of your educational goals. OSL schedules programs that compliment and enhance your classroom learning process. In addition, we provide many unique educational experiences that go beyond the traditional classroom instruction.

**Student ID Card**

We also make your student ID card. You can get one after you PAY for your classes. Please remember to bring your registration summary receipt to our office when you come for an ID. Your ID card is required when attending Office of Student Life events.

By getting your student ID card made, your picture is automatically made for the DART GoPass (see page 24).

**New Student Orientation**

OSL is also in charge of New Student Orientation. This experience will provide you an opportunity to meet other new students, hear from faculty members and administrators and learn about their expectations for students. You will also tour the campus, ask questions to Richland’s students and participate in academic advisement and register for your classes.

**Leadership Opportunities**

OSL plays the unique role in your educational process by providing you with opportunities to see, hear, meet local as well as international speakers, writers, musicians, artists, poets and performers. We are also in charge of more than 50 students clubs and organizations, which include our own leadership programs.

- **Student Orientation Mentor**
- **Student Leadership Institute (SLI)**
- **Campus Activity Board (CAB)**
- **Student Ambassador Program**
- **Student Government Association (SGA)**

The Family Educational Rights and Privacy Act (FERPA) of 1974, also known as the Buckley Amendment helps protect the privacy of student education records. The act provides three basic rights:

- The right to inspect and review the education records relating to the student maintained by the schools the student attends.
- The right to challenge and require the school to amend any portion of the education records concerning the student that is inaccurate, misleading, or otherwise in violation of the student’s privacy rights.
- The right to require the school to obtain written consent prior to the disclosure of personally identifiable information, except in those instances specifically noted in the statute.

The intent of the legislation is to protect the rights of students and to ensure the privacy and accuracy of education records. The Act applies to all institutions that are recipients of federal aid administered by the Secretary of Education. For more detailed information refer to the Notification of Rights under FERPA for Postsecondary Institutions which is available from the Office of Admissions/Student Records.

Who is protected under FERPA?

- Students who are currently or formerly enrolled, regardless of their age or status in regard to parental dependency are protected.
- Students who have applied to but have not attended Richland Community College and deceased students do not come under FERPA guidelines.

What are education records?

With certain exceptions, an education record is any record (1) from which a student can be personally identified and (2) is maintained by the college. Education records include any records in whatever medium (handwriting, computer media, print, e-mail, magnetic tape, film, diskette, microfilm and microfiche, video or audio tape, etc.) that is in the possession of any school official.

Directory Information

Directory Information is information that is generally not considered harmful or an invasion of privacy if disclosed. Under the terms of FERPA, Richland Community College, has established the following as directory information:

- Name
- Address
- Telephone number
- Email address
- Grade level
- Date and place of birth
- Program in which enrolled
- Participation in officially-recognized institutional or extracurricular activities
- Dates of attendance
- Certificates or degree(s) conferred (including dates)
- Honors and awards received
- Most recent educational institution or agency attended
- Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc.

The above information may be released for any purpose at the discretion of our institution. However, FERPA states that each student has the right to withhold any or all of the information. Richland College will honor the student’s request to restrict the release of “Directory Information.” Once restricted, that information cannot be released without the written consent of the student. Directory Information form and the Request to Opt Out of Directory Information form must be on file with the Office of Admissions/Student Records. This form also prevents your name from appearing in the newspaper for honors, graduation and/or other awards or in the graduation program.

Parental Access to Children’s Education Records

At the postsecondary level, parents have no inherent right to inspect a student’s education records. The right to inspect is limited solely to the student. Records may be released to parents ONLY under the following circumstances:

1) through the written consent of the student
2) in compliance with a subpoena or
3) by producing a copy of the most recent Federal Income Tax form showing that the student was claimed as a dependent.

What is the procedure for obtaining confidential information?

In order for a third party (i.e., parent) to receive information about a student (i.e., their son or daughter), Richland College must have on file in the Office of Student Records a Student Information Release Authorization Form. This form may be completed in person in N134 or online through eConnect.
Title IX

What is Title IX?

Title IX applies regardless of a person’s national origin, immigration status, or citizenship status. Title IX of the Education Amendments of 1972 is a comprehensive federal civil rights law enforced by the U.S. Department of Education Office for Civil Rights. Title IX prohibits discrimination on the basis of sex and gender (including discrimination based on gender identity or failure to conform to stereotypical notions of masculinity or femininity) in federally funded education programs. Under Title IX, such discrimination can include sexual harassment and interpersonal violence including stalking, relationship violence and sexual violence. These terms are referred to collectively herein as sexual misconduct.

Who is affected?

Sexual harassment is a form of sexual misconduct that often involves an abuse of power; however, it can also occur between peers, such as student-to-student. It is also possible for a student to harass a faculty member or employee of the college. Sexual harassment can involve persons of the same or opposite sex. Both men and women can be targets or perpetrators of harassment. Persons who observe someone being harassed may also be intimidated or offended and experience sexual harassment.

No means No!

What is Consent or a Consensual Relationship?

Consent must be clear, knowing and voluntary. Consent is active, not passive. Silence in and of itself cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity. In order to give effective consent, one must be of legal age. Furthermore, consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity. Previous relationships or prior consent cannot imply consent to future sexual acts.

Be AWARE and take ACTION

- Tell the person to stop immediately.
- Be proactive: If you are uncomfortable with the behavior, say so.
- Be consistent: Each time a person’s behavior crosses the line, confront the person.
- If you are uncomfortable confronting the person, contact a college administrator, supervisor or Human Resources.

If you experience sexual violence

1. Go to a safe place and call someone. Call 911.
2. Don’t shower, wash your hands, change or remove your clothes or apply or take medication.
3. Go to a hospital for medical attention.
4. Get help, like counseling or victim assistance.

Online/Electronic Communication and Sexual Misconduct

Online postings or electronic communication that qualifies as sexual misconduct is subject to Richland College’s sexual misconduct policy, regardless of whether it occurs on Richland College’s networks or websites, or between DCCCD email accounts. If such conduct takes place outside Richland College’s control, the behavior will be subject to the Sexual misconduct policy if it is determined that the alleged sexual misconduct occurred in the context of an educational program or activity or may have an ongoing effect on the Richland College environment.

Continues on page 30
Richland College’s Sexual Misconduct Policy

Richland College is committed to ensuring equal access to education in an environment free from discrimination, including sexual misconduct. To that end, Richland College has developed a comprehensive Sexual Misconduct policy in order to comply with Title IX requirements. Richland College’s Sexual Misconduct policy applies to any instance in which a person is alleged to have engaged in sexual misconduct. Whether you are a student, faculty, staff member or visitor, you have the right to file a complaint. Complaints or reports of sexual misconduct should be submitted to the Title IX coordinator and/or the Deputy Title IX coordinator of Richland College. Reports of sexual misconduct committed by a Title IX coordinator should be reported to the DCCCD Office of General Counsel. dcccd.edu/Emp/Departments/LegalCounsel

Confidentiality and Richland College Sexual Misconduct Policy

Richland College recognizes that confidentiality is important; failure to keep information confidential may hurt the ability of Richland College to investigate and resolve claims of sexual misconduct. However, although Richland College is committed to respecting the confidentiality and privacy of all parties (people), we cannot guarantee complete confidentiality.

All Richland College Employees are considered responsible employees and are required by Richland College policy or by law to share a report of sexual misconduct with appropriate parties promptly. Other resources (people) may serve in a professional role in which communication is privileged under law. All reports of sexual misconduct are acted upon promptly. Every effort is made by Richland College to preserve the privacy of reports. Reports may also be filed anonymously.

Retaliation

It is unlawful (illegal) and a violation of Richland College’s Sexual Misconduct policy to retaliate against an individual for:
• alleging sexual misconduct
• supporting a person bringing a complaint or grievance
• opposing sexual misconduct
• assisting in providing information relevant to such a claim or
• participating in any grievance process on campus or with a government agency.

Richland College’s Commitment to Equitable (Fair) Resolution.

Richland College affirms its commitment to promote the goals of fairness and equity in all aspects of the educational enterprise. All Richland College policies are subject to an equitable resolution process. The Sexual Misconduct policy is applicable regardless of the status of the parties involved who may be members or nonmembers of the Richland College community, students, student organizations, faculty, administrators and/or staff. Richland College reserves the right to act on incidents of sexual misconduct occurring on campus or off campus. Incidents of off-campus sexual misconduct will be treated in the same manner as complaints about on-campus sexual misconduct if it is determined that the alleged sexual misconduct occurred in the context of an educational program or activity or may have an ongoing effect on the Richland College environment.
